

**When and Where**

**Date:** February 10, 2015

**Start:** 12:10PM

**End:** 12:30PM

**Room:** GH 375

**Role**

**Primary Facilitator:** Alex Sears

**Timekeeper:** Tyler Blatt

**Minute Taker:** Judson August

**Attending:** Alex Sears, Tyler Blatt, Drew Hearing

**1. Objective**

Go over objectives for Iteration 1 and divvy up the work.

**2. Status**

Authentication has been started. Once it is done, a few of the use cases should be finished. None of the paperwork has been completed yet.

**3. Discussion**

3.1 Drew will work on the Domain Model.

3.2 Judson will work on the System Sequence Diagrams.

3.3 Olga will work on the Design Document.

3.4 Tyler and Alex will build the use cases.

**4. Wrap Up**

The work has been given out. All the work will get done as long as everyone completes their tasks.
