

Project Desperado

Alex Sears - Front-end/Back-end Developer

Drew Hearing - Database Admin, Front-end Developer

Olga Maneylova - Back-end Developer

Judson August - CFO, Algorithm guy

Tyler Blatt - Back-end Developer

Project Aim and Goal

When completed, Project Desperado will be the way developers find new projects, find others to work with, and display their work for others to see.

CFO Judson implores us to “stack paper.... from the floor to the ceiling.”

Requirement Analysis

Must be able to create and view other users' profiles and projects

Must be able to apply to and join these projects

Use Cases

Register

Login

Add, Modify, and Delete User Accounts

Add, Modify, and Delete Projects

Add/Remove People to Project

Apply for Project

Add, Modify, and Delete Users

Search/View Other Users' Profiles

Search/View Open Projects

Future Working Plan

We plan on finishing this project.
